to change.
- Only use these 2 logos (I will upload it in SVG format with other images) - Slogan "Cleanliness for well-being" - Happy employees work better and with heart. ** 6. Services (important)** - has 4 cards . On click → separate subpage for each service (e.g. , medical practice cleaning, post-construction cleaning, office cleaning, cleanroom cleaning) **7. Every service page** Always the same structure: - Description - Working methods - References - Contact form at the end **8. Medical practice cleaning, post-construction cleaning, office cleaning ... ** Use the HTML content I send . Do not change the text or order . Use the same principle for other services . HTML has been sent or can be sent additionally . ** 9. Technology** - Mobile optimized - fast (LiteSpeed) - AI optimized (plugin available) - all other plugins have already been installed. If anything is unclear , please ask, do not decide yourself . If it becomes too much for you , you can tell me to cancel the order , or cancel the order yourself . I have the feeling that I am overwhelming you and we

We're not understanding each other well .

If you need anything else from me for the design , please send me a list. Attached are logos in SVG format for better scaling .
