I actually want to take the entire site down and use a landing page instead

Mar 31, 9:30 PM

M marisaliza1

If you can help me with that

Mar 31, 9:30 PM

M marisaliza1

Or just put the site in a staging area to keep if needed and add a landing page as the main home page

Mar 31, 9:30 PM

M Me

Can we redesign it again? I'm seeing that it's totally get broken.

Mar 31, 9:31 PM

M marisaliza1

I'd like to just add a landing page to be a placeholder there

Mar 31, 9:32 PM

M marisaliza1

Can we keep the entire site files someone in a staging area

Mar 31, 9:32 PM

M marisaliza1

right now if you go to marisalizapell DOT COM

Mar 31, 9:33 PM

M marisaliza1

that's the page I'd like to have there as we have another website now which is the main website

Mar 31, 9:33 PM

M marisaliza1

So I'd like to close this website, but all the SEO is connected to it

Mar 31, 9:33 PM

M marisaliza1

So I don't know if we should use it as a domain forward or keep the site and just have the landing page there

Mar 31, 9:34 PM

M marisaliza1

Just want to retain the SEO

Mar 31, 9:34 PM

M Me

Yes, it's possible to make adjustments for the homepage; some costs will be added while keeping the SEO. Is that okay for you?

Mar 31, 9:35 PM

M marisaliza1

So do we just forward that domain to the new site and keep it as a domain forward or keep the old site up for the SEO and just keep it as a simple landing page

Mar 31, 9:36 PM

M Me

I can give you this with full details tomorrow.

Mar 31, 9:39 PM

M marisaliza1
